Timeline

- ▶ We have changed the order of the content for next 2 weeks – updated timeline on Canvas
- ▶ Problem set:
 - ▶ *Paired* problem set.
 - ▶ Opened last night, due this Saturday.
- ▶ Workload
 - ▶ Partner 1 should be able to complete Step 1 after today's class
 - ▶ Partner 2 should be able to do subquestion a
 - ▶ We will also preview the skill required for Partner 2 to complete Step 2

Timeline

- ▶ Next 1.5 weeks: Shiny dashboards
 - ▶ Solo problem set
 - ▶ Open next Sunday, due Saturday before Thanksgiving – *2 weeks*
 - ▶ Preview: 80-90% of problem set is doable by end of first week

This week's problem set

- ▶ Distribution
 - ▶ PDF is in student repo
 - ▶ Template is on Canvas announcement
- ▶ Gradescope submission. Two assignments
 - ▶ One for PDF
 - ▶ One for code
 - ▶ Make sure you declare the same partner for both
- ▶ Partner matching link (same as before)

Expectations about Ed/OH availability

- ▶ You should expect a response within 24 hours (and usually much less than that) during **regular working hours**: M-F, 9-5
- ▶ Given the Saturday problem set deadline, we also have asked TAs to be on Ed Saturday mornings
 - ▶ Going forward, we will reallocate more TAs to cover Friday and Saturday
 - ▶ But you should expect more delayed responses outside of these hours
- ▶ As a reminder: TA and Professor Ganong's office hours are at lab. Mine are by appointment ([link](#))
